LESABÉNDIO: AN ASTEROID NOVEL BY PAUL SCHEERBART

Lesabendio is an enjoyably weird and inventive story about a society of asexual salamander/snail-like beings, living on an asteroid called Pallas, and their quest to create, find, or become something greater than themselves. Paul Scheerbart (18 63 -19 15) was a novelist, playwright, poet, newspaper critic, draughtsman, visionary, proponent of glass architecture, and would-be inventor of perpetual motion. A member of avant-garde art and architectural circles, his ideas were crucial for participants in the Glass Chain movement, a group that included major.
