### DESCRIPCION DEL LIBRO NEXUS

"Nexus", concluye la trilogía que forma con Sexus y Plexus, al tiempo que ofrece los antecedentes de los "Trópicos". Se centra sobre todo en la relación de su protagonista con Mona, su segunda esposa, y en las circunstancias y reflexiones que le conducen a comprender que sus raíces culturales están en Europa y, por tanto, sólo allí le será posible convertirse en el escritor que pretende ser. El sexo, vivido casi como una experiencia mística, la búsqueda de los recursos mínimos para sobrevivir en una sociedad como la neoyorkina sin renunciar a la creación literaria, y sobre todo la literatura misma, son los ejes principales de la novela. Tanto por el descarnado retrato del ambiente moral que ofrece como por la exploración en los comportamientos propios y ajenos, a menudo se ha descatalogado "Nexus" como la mejor de las novelas de Miller.
